

THE SiDECAR

welcome to the sidecar!

sidecar was founded in 2016 back when copper spoon was still wine down. we're one of the first shipping container bars in the midwest!

you'll notice our selection of cocktails & spirits is focused on two major categories: agave & sugar cane.

rum. rhum. cachaca. tequila. mezcal. raicilla. sotol. bacanora. pisco. aguardiente.

we have made it our choice to not only celebrate the cultures of where these spirits are made, but we work with brands whose production brings important sustainable & economic growth to their local community. in other words, you can drink and know you're supporting (in some cases) an *entire* village of people. because of the nature of the bar, and our direction, the bar is very focused on the things we do, and what we lack in options, we make up for in flavor.

on the food side - you can expect no different. we source as much food as possible from not only local but sustainable and nutritional farms that we know and trust. special thanks to: gunthorp farm, hawkins farm, wood farms, fischer farms, windrose farm, berry hill farms, and zinnia's bakehouse for making this menu possible.

"to launch a war on decades upon decades of terrible tropical cocktails & bars"
